JOB DESCRIPTION

Pro-Tec Fire provides adequate Aircraft Rescue Fire Fighting / EMS personnel to meet Boeing's contractual requirements for fire protection over the San Antonio site. Through the support of their mutual-aid partners Joint Base Lackland Fire Department for ARFF Response and San Antonio Fire Department for Structural Response. Pro-Tec is also tasked with monthly, quarterly, and annual fire related inspections.

We are accepting applicants that lack at least 1 ARFF (possibly both) certification. These selected applicants will be provided the necessary training to meet Boeing's certification requirements. (Pro-Tec will be responsible for training course expense)
